TUESDAY 20TH DECEMBER, 2016
The following Bill which will be introduced in the National Assembly is published for general information.

S.E. Isaacs,
Clerk of the National Assembly.
A BILL

Intituled

AN ACT to amend the Corporation Tax Act.

Enacted by the Parliament of Guyana:

A.D. 2016

1. (1) This Act, which amends the Corporation Tax Act, may be cited as the Corporation Tax (Amendment) Act 2016.

(2) The amendments to the Corporation Tax Act shall come into operation with respect to and from the year of income commencing on the 1st January, 2017.

2. Section 10 of the Principal Act is amended as follows –

(a) by the renumbering of section “10.” as “10. (1)”;

(b) in paragraph (c), by the substitution for the words “thirty percent” of the words “twenty seven and one half percent”;

(c) by the insertion of the following subsection –

“(2)(a) There shall be a dual rate of corporation tax for companies that are engaged in commercial and non-commercial activities.

(b) For companies that are engaged in commercial and non-commercial activities, the non-commercial activity of the company shall be taxed at the rate of twenty-seven one half per cent and the commercial activity of the company shall be taxed at the rate of forty per cent.”.

3. Section 10A of Principal Act is amended by the substitution for subsection (1) of the following –

“(1) Where for any year of assessment the corporation tax payable by a commercial company is less than two percent of
the turnover of the commercial company in the year of income immediately preceding that year of assessment, then not
withstanding anything contained in sections 4 and 10, and
subject to this section, for the aforesaid year of assessment
there shall be levied on, and paid by the commercial company a
corporation tax (in this Act referred to as “minimum tax”) at
the rate of two percent of the turnover of the commercial
company in such year of income:

Provided that when proven to the satisfaction of
the Commissioner-General that the rate of two percent
of the turnover of the commercial company or of a
company engaging in commercial activities, exceeds
the rate of tax under section 10(b), the corporation tax
payable shall be limited to the corporation tax assessed
and payable under section 10(b).
EXPLANATORY NOTES

The Bill seeks to reduce the corporation tax rate from thirty per cent to twenty-seven and one half percent for manufacturing and non-commercial companies.

The Bill prescribes the minimum tax rate at 2% of the turnover of a commercial company or 40% of taxable income, whichever is lower.

The Bill introduces a dual tax rate for companies carrying out both commercial and non-commercial activities. This means that the non-commercial part of the business will benefit from the lower corporate tax rate of 27.5% but will pay the commercial tax rate of 40% for their commercial operations.
